Expected average attendance for a child is 96.1%. Our attendance for last week was:

Pendeen: 100 % Trevose: 99.5 % Tater Du: 98.3 % Wolfrock: 97.8 %

In accordance with our attendance policy we will be sending some children home with attendance letters during the term to help keep you informed of your child's attendance in line with the new RAG (red, amber, green system). Below are the band widths, as a reminder, if your child falls into one

of these coloured bands a letter will be sent home.

#### PENDEEN CLASS NEWS!

In PE this week we have been jumping over hurdles and we always love playing the game Sharky Sharky can I cross your river? EYFS children made ice sculptures and observed them melting, they have also moulded playdough to make mice. Year I children have been

Scientist; they have made a rain gauge in pairs and are measuring the daily rainfall. We have also been learning about internet safety and made poster about staying safe on the internet.

TREVOSE CLASS NEWS! This week in Trevose we have been

writing our final drafts of our stories and have been learning and reading short poems with the class. On Thursday we are looking forward to our trip to Truro and we are excited about exploring the Cathedral and having a visit to the Library. We will show the photos after half term. We have also been completing our learning about Sliders and Levers in DT and have had a go at designing our own scene with a moving component. Well done for a great half term Trevose!

#### TATER DU CLASS NEWS!

Tater Du had a brilliant afternoon considering how to keep themselves safe on the internet and created some very informative posters. They have also written about how the Romans changed Britain and have applied their learning to explain how magnets work. Last week they had a go at designing Roman mosaics.

WOLF ROCK CLASS NEWS!In Wolf Rock this week, we were delighted to be introduced to Carol, from Gloucester. Just before Christmas, we wrote a series of Christmas cards which were delivered to various homes throughout the South West. Darcey's card was delivered to a gentleman in Stonehouse. Carol introduced herself to the class, showed pictures of her father to us and spoke at length about the enjoyment her dad got from receiving the festive message. In class, the children have been waiting so very patiently for the results of the mouldy bread experiment. We will analyse the results towards the end of the week. In Literacy, we have been finding the features of an explanation text about the importance of keeping clean. In

Gymnastics, we have been demonstrating a sound understanding of shape and how these can be linked together using various

methods of travel.
