

Nurturing God's gift with compassion and drive so that all our children succeed, learn and thrive.

Compassion, wisdom, forgiveness, perseverance, trust and respect. Newsletter 31/01/20

Expected average attendance for a child is 96.1%. Our attendance for last week was:

Pendeen: 99.44% Trevoze: 100% Tater Du: 98.43% Wolfrock: 96.25%

In accordance with our attendance policy we will be sending some children home with attendance letters during the term to help keep you informed of your child's attendance in line with the new RAG (red, amber, green system). Below are the band widths, as a reminder, if your child falls into one of these coloured bands a letter will be sent home.

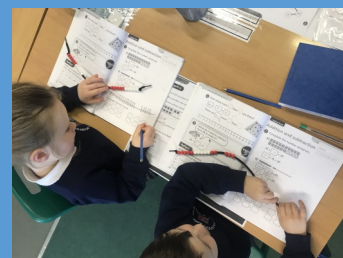

PENDEEN CLASS NEWS!

This week we have created a Chinese New Year dance, which included moving like a firework, dragon and lion. We linked moves together in small groups and performed to each other. We have practised throwing in our athletics lesson using balls and foam javelins. Year One children have been trying to learn and remember number bonds to 10 and the EYFS children have been exploring the number 9 and 10. We are all continuing to work on the Town Mouse and Country Mouse story ready for our visit to Pre School soon to show them our story writing.

TREVOZE CLASS NEWS!

This week in Trevoze we have been writing our own versions of Mr Fox about different animals on a journey to meet a friend. We have been using different adventurous vocabulary and deciding how we can make our writing more interesting for the reader. In R.E. we have been learning about how Christians find peace and where we could go to find peace in our school and also in our local area. In Maths this week year one have been applying our knowledge of number bonds to 10 and 20 to solve missing number questions and solve some word problems! Year two have been collecting and recording information in different ways using tally charts and pictograms.

TATER DU CLASS NEWS!

We've had a busy week writing up our own warning tales set in Roman times, and continuing to develop our multiplying and dividing methods. We've learnt all about Roman society, and we also used our senses to describe what it was like to be a spectator watching the Roman Gladiators. In P.E. we are developing our balances and linking them with different movements to create short routines.

WOLF ROCK CLASS NEWS

In Wolf Rock this week, the children's Growth Mindset has been pushed to the max, especially in Maths, where Year 5 have been multiplying two and three digit numbers and Year 6 have been finding percentages of a particular amount. In Literacy, we have continued developing a shared write before attempting an independent story next week. We have designed maps in PE and used them to orientate around a course of cones and also classified a range of different animals in Science.

Stars of the week!

Pendeen - Lexi
Trevose - Ben G
Tater Du - Phoebe
Wolfrock - Ellie M

DATES FOR YOUR DIARY!
